
Education

- 2023- **PhD in Behavioral Science, "Group decision making and consensus seeking for sustainable food choices"**, supervised by Nicolas Darcel and Sabrina Teyssier, *Physiology of Nutrition and Food Behavior (PNCA) Laboratory (INRAE, AgroParisTech, Paris-Saclay University) and Grenoble Applied Economics Laboratory (CNRS, INRAE, Grenoble Alpes University, Grenoble INP)*
- 2020–2023 **Master in Cognitive Sciences (Cogmaster), major in cognitive engineering and social sciences, obtained with "Highest Honors"**, *Master taught in English, co-hosted by the ENS-Ulm (PSL), Université de Paris and Ecole des Hautes Etudes en Sciences Sociales (EHESS)*
- 2017–2020 **Double bachelor degree in Physics and Philosophy, both obtained with "Highest Honors"**, *Sorbonne Université*
 - Last year as an exchange student at Université de Montréal (UdeM), competitive program TASSEP
- 2017 **"Baccalauréat" in Sciences (Highschool diploma), obtained with "Highest honors"**

Professional and Research Experience

- February 2023 - June 2023 **Research internship in Social Psychology, on the theme "Online Argumentation (Chatbots) and encouraging customers to reduce their consumption of red meat"**, supervised by Lou Safra at CEVIPOF (SciencesPo Paris),
Pre-registration link: <https://osf.io/r75ds>
- January 2022 - June 2022 **Research internship in Social Psychology at Jean Nicod Institute (ENS-PSL), on the theme of "Evaluation of Knowledgeability"**, supervised by Hugo Mercier,
Pre-registration links: <https://osf.io/9xjfu> and <https://osf.io/ng9wh>
- October 2021 - January 2022 **Internship at "Direction Interministérielle de la Transformation Publique" (DITP), department "Innovation", team "Sciences Comportementales et Simplification administrative"**,
In particular, I participated in the drafting of a guide to define ethical guidelines for the use of behavioral science in public policy, in collaboration with the OECD. I also contributed to the organization of a workshop aimed at defining the concept of social impact for the citizens selected to participate in the jury of the "Accélérateur d'Initiatives Citoyennes".

Associative Experience

- 2022 **Founding member of "Institut Condorcet"**,
The Condorcet Institute is a research institute studying the concept of democracy through the prism of the links between political scales: from the simple citizen to public institutions.
- 2021-2022 **Member of the executive board of "Fédération Française des Sciences de la Cognition" (FRESCO)**,
FRESCO federates the various cognitive sciences associations in metropolitan France (including "Cognivence") and contributes to the organization of national events in cognitive science (including the "Forum des Sciences Cognitives")
- 2020-2021 **Vice-Secretary of Cognivence**,
Association of students and young researchers in cognitive sciences from Ile-de-France, based at the ENS-Ulm, whose main goal is the popularization of works in cognitive sciences to the mainstream public
 - I contributed to the Organisation of the 20th edition of "Forum des Sciences Cognitives" (FSC). This online edition of the FSC attracted over 7000 attendees.
